

2024 GREATER PHILADELPHIA SEAPERCH & SEAGLIDE CHALLENGE

The Greater Philadelphia SeaPerch (underwater ROV) and SeaGlide (underwater glider) Challenge is open to middle and high schools in the Pennsylvania, New Jersey, and Delaware region. The goal of this challenge is to increase student interest in robotics, science, mathematics, engineering and technology and to introduce students to naval engineering. The event is structured to give students an overall experience in the engineering process. To learn more, register team, or attend one of our events visit our website or scan the QR code below!
